

COMMUNITY PLAN

As a number of you will no doubt know, Dolwyddelan Community Council has commissioned consultant Marc Roberts to undertake a Community Plan for the village and wider valley.

That work is ongoing, and a number of exciting ideas are now emerging, with several funding opportunities also presenting themselves.

Key themes being discussed are . . .

- Housing
- Heritage, Culture and Tourism
- Children, Families and Young People
- Community
- Environment and Infrastructure
- Renewable Energy
- Enterprise and Business

By the time you read this Marc will have been at the Spring Festival seeking your views, but he would be very keen to hear from anyone about their ideas, thoughts about we can improve Dolwyddelan and any issues or concerns you'd like to raise.

Marc's work is expected to be completed in late September, but he will be at a number of other community events between now and then, and further updates will be provided through the newsletter and on the Community Council website.

If you'd like to contact Marc to find out more or discussing anything relating to this work his email is marc.evansroberts@gmail.com

(Continued from next page)

you will join us in this growth initiative and become an active participant in building a stronger, more connected business community in Dolwyddelan.

If you have any questions or suggestions, please don't hesitate to reach out to me directly at chris@snowdoniahub.co.uk.

Looking forward to meeting you soon,

Best regards,
Chris Davies
